In the event that any controversy concerning whether or not certain activity, or type of activity, constitutes the game of "Bingo", as herein defined, and for which a License may be issued, the decision of the of the Sheriff shall control and shall be final.

it must be clearly marked as a Bingo Card; and
it must be comprised of a five (5) by five (5) square grid with each column of the grid headed by a letter: "B" "I" "N" "G" or "O"; and each space of each column shall be populated by one (1) of seventy-five (75) numbers as follows:

Bingo Equipment includes any machine, device or hardware that assists a player or the playing of Bingo games (and it is this "machine" which assists a player in the playing of a bingo game that is referred to in Section 5), broadens the participation levels in a common game and includes all the ancillary Bingo supplies. Examples of Bingo Equipment include, but are not limited to, software, dispensers, readers, electronic player stations, player terminals, central computer services containing random number generators and other processing capabilities for remote player terminals, electronic consoles capable of providing game results in different display modes, telephones and telephone circuits, televisions, cables and other

Bingo Equipment shall not be deemed to be, for any purpose, a "gambling device" or "slot machine" within the meaning of the Code of Alabama 1975, § 13A-1 2-20 (5) and(10) or any other provision of law, whether now in effect or hereafter enacted.

Any continuous series of Bingo games conducted pursuant to this Article provided that any session shall end and a new session shall start when the prize amount given out by the Nonprofit Organization operating a Bingo session exceeds ten thousand dollars (\$10,000.00) for each such Nonprofit Organization.

Bookend Bingo. Bookend Bingo shall be Bingo which is played during a Bookend Bingo Session on an Electronic Marking Machine and, other than Paper Card Bingo, shall be the sole form of Bingo permitted in Greene County.

Bookend Bingo shall consist of the following three (3) phases:

- the Beginning Phase,
- the Entertainment Phase, and
- the Completing Phase.

Bookend Bingo can only be played using the Bookend Bingo software approved by the Sheriff and shall be integrated within each Electronic Marking Machine so that the Entertainment Phase of a Bookend Bingo Session can only be accessed after playing the Beginning Phase on an Electronic Marking Machine and players may only be awarded points that can be converted to cash or other prizes following the successful play of a Completing Phase Bingo game on the same Electronic Marking Machine.

If the Bookend Bingo software developer offers, the Sheriff approves an Integrated System, and if a Licensee chooses to adopt and implement that Integrated System, players may be allowed to move their points, once awarded during the Beginning Phase of a Bookend Bingo Session, from one Electronic Marking Machine to another during the Entertainment Phase of a Bookend Bingo Session provided that, no matter how many different Electronic Marking Machines a player may access and play during the Entertainment Phase, the points used to access the Entertainment Phase are awarded by playing the Beginning Phase Bingo and no cash or other prize may be awarded without playing and winning the Completing Phase Bingo game.

In no event shall the adoption of any Integrated System be deemed to be mandated by these Rules. Any Integrated System that is approved by the Sheriff must require that:

1. the Entertainment Phase of a Bookend Bingo Session can only be accessed after playing the Beginning Phase on an Electronic Marking Machine; and
2. players may only be awarded points that can be converted to cash or other prizes following the successful play of a Completing Phase Bingo game on an Electronic Marking Machine as a part of the Bookend Bingo Session.

The Beginning Phase. The Beginning Phase of a Bookend Bingo Session shall be that phase of the play of Bookend Bingo during which points may be won playing Bingo using an Electronic Marking Machine approved by the Sheriff and that has at least the following elements, as established by the Alabama Supreme Court:

1. Each player uses one or more cards with spaces arranged in five columns and five rows, with an alphanumeric or similar designation assigned to each space.
2. Alphanumeric or similar designations are randomly drawn and announced one by one.
3. In order to play, each player must pay attention to the values announced; if one of the values matches a value on one or more of the player's cards, the player must physically act by marking his or her card accordingly.
4. A player can fail to pay proper attention or to properly mark his or her card, and thereby miss an opportunity to be declared a winner.
5. A player must recognize that his or her card has a "bingo," i.e., a predetermined pattern of matching values, and in turn announce to the other players and the announcer that this is the case before any other player does so.
6. The game of bingo contemplates a group activity in which multiple players compete against each other to be the first to properly mark a card with the predetermined winning pattern and announce that fact.

See Barber et al. v. Cornerstone Community Outreach, et al., 42 So.3d 65 (Ala. 2010).

No Beginning Phase of a Bookend Bingo Session may be played with less than two (2) players.

At the conclusion of the Beginning Phase of a Bookend Bingo Session, players may be awarded points that they win while playing Bingo during the Beginning Phase of a Bookend Bingo Session. These points may be used to play entertainment games during the Entertainment Phase of a Bookend Bingo Session.

The Entertainment Phase. The Entertainment Phase of a Bookend Bingo Session shall be that phase of the play of Bookend Bingo during which points that were won playing bingo during the Beginning Phase of a Bookend Bingo Session can be used by a player to play other entertainment games during which the player can win additional points, or which can be used to play the Completing Phase. During the Entertainment Phase, a player must be able to lose some or all of the points and/or win additional points to those previously awarded during the Beginning Phase.

The Completing Phase. The Completing Phase of a Bookend Bingo Session shall be that phase of the play of Bookend Bingo during which points that have been won by players during the Beginning Phase and/or the Entertainment Phase can be used to play Bingo using an Electronic Marking Machine approved by the Sheriff and that has at least the following elements, as established by the Alabama Supreme Court:

1. Each player uses one or more cards with spaces arranged in five columns and five rows, with an alphanumeric or similar designation assigned to each space.
2. Alphanumeric or similar designations are randomly drawn and announced one by one.
3. In order to play, each player must pay attention to the values announced; if one of the values matches a value on one or more of the player's cards, the player must physically act by marking his or her card accordingly.
4. A player can fail to pay proper attention or to properly mark his or her card, and thereby miss an opportunity to be declared a winner.
5. A player must recognize that his or her card has a "bingo," i.e., a predetermined pattern of matching values, and in turn announce to the other players and the announcer that this is the case before any other player does so.
6. The game of bingo contemplates a group activity in which multiple players compete against each other to be the first to properly mark a card with the predetermined winning pattern and announce that fact.

See Cornerstone.

No Completing Phase of a Bookend Bingo Session may be played with less than two (2) players.

At the conclusion of the Completing Phase of a Bookend Bingo Session, players will be awarded any points that the player won playing Bingo during the Bookend Bingo Session. These points may be converted into a prize and/or cash equivalent and be redeemed by the player(s). In no event, however, shall a player be awarded more than ten thousand dollars (10,000.00) during any Bookend Bingo Session.

Bookend Bingo Session. A Bookend Bingo Session shall be the play of Bingo using an Electronic Marking Machine that includes at least the Beginning Phase of Bookend Bingo, but that may also include play during the Entertainment Phase of Bookend Bingo and the play of Bingo during the Completing Phase of Bookend Bingo.

All phases of a Bookend Bingo Session must be played utilizing an Electronic Marking Machine.

To commence the play of a Bookend Bingo Session, a player must purchase one or more Bingo cards from the Licensee. To activate the card(s), a Beginning Phase Bingo Game of Bookend Bingo must be played. During this Beginning Phase Bingo game(s), players may win points based on the cost of the Bingo cards purchased that are determined by the outcome of the Bingo game pattern(s) achieved in the Beginning Phase Bingo game. Winning game patterns may be via either interim or game ending patterns. The interim and game ending patterns and prizes shall be based

on and be similar to and/or consistent with those commonly used in Bingo games that are achieved in any particular game.

To complete a Bookend Bingo Session, a player shall play a Completing Phase Bingo game. Players' winnings will be determined and may only be collected by playing a Completing Phase Bingo game. Winnings will be based on the outcome of the Bingo game pattern(s) achieved in the Completing Phase Bingo game. Winning game patterns may be via either interim or game ending patterns. The interim and game ending patterns and prizes shall be based on and be similar to and/or consistent with those commonly used in Bingo games that are achieved in any particular game.

Every Bookend Bingo Session must commence with the play of bingo on an Electronic Marking Machine.

Each Bookend Bingo game played during the Beginning and/or the Completing Phase on an Electronic Marking Machine must utilize a card that depicts a Bingo game and incorporates at least the following elements:

it must be clearly marked as a Bingo Card; and
it must be comprised of a five (5) by five (5) square grid with each column of the grid headed by a letter: "B" "I" "N" "G" or "O"; and each space of each column shall be populated by one (1) of seventy-five (75) numbers as follows:

- the column labeled "B" shall have one of five numbers between 1 and 15 in each of the five (5) spaces in the "B" column
- the column labeled "I" shall have one of five numbers between 16 and 30 in each of the five (5) spaces in the "I" column
- the column labeled "N" shall have one of five numbers between 31 and 45 in each of the five (5) spaces in the "N" column
- the column labeled "G" shall have one of five numbers between 46 and 60 in each of the five (5) spaces in the "G" column
- the column labeled "O" shall have one of five numbers between 61 and 75 in each of the five (5) spaces in the "O" column
- the centermost space of every Bingo card displayed on an Electronic Marking Machine shall be marked "FREE SPACE" and bear the name of the Licensee and Bingo Facility where the Electronic Marking Machine is located

There shall be no other displays on the Electronic Marking Machine's monitor screen during the play of the Beginning Phase and/or the Completing Phase Bookend Bingo game other than a Bingo card and a representation of the ball draw.

The speakers on the cabinet housing the Bingo game must broadcast the "calling" of each ball drawn during the play of the Beginning Phase and any Completing Phase Bookend Bingo game.

The players must physically mark or daub the numbers as they are announced on their Bingo card using the Electronic Marking Machine during the play of the Beginning Phase and any Completing Phase Bookend Bingo game.

The Beginning Phase and/or Completing Phase Bookend Bingo game must replicate Bingo play by permitting players to “sleep” a Bingo if they fail to pay attention and/or physically marking or daub a number when it is called thereby forfeiting any points, prizes, and/or cash equivalent to which the player would be entitled if he or she had claimed his or her winning Bingo pattern.

Players can win additional points or lose some or all of these points they accumulated during each phase of the Bookend Bingo Session depending on the outcome of the Bingo game(s).

Business Week. A seven (7) day period that begins at 12:01 a.m. on each Monday and ends at 12:00 midnight on the following Sunday.

Constitution. The Constitution of Alabama of 1901.

Designated Representative. A specified representative of an applicant organization and/or a License Holder who shall execute a statement agreeing to be responsible for ensuring Bingo played at any Bingo Facility pursuant to a Nonprofit Organization's License comply with the terms of any License issued to the applicant organization and/or License Holder, including the provisions of these Rules and The Amendment.

Electronic Marking Machine. An Electronic Marking Machine is an electronic device comprised of an electronic console that utilizes the Bookend Bingo software and where a Bingo card must be displayed and where the player can interact with the console to carry out the essential elements of Bingo which the Alabama Supreme Court has identified as:

1. Each player uses one or more cards with spaces arranged in five columns and five rows, with an alphanumeric or similar designation assigned to each space.
2. Alphanumeric or similar designations are randomly drawn and announced one by one.
3. In order to play, each player must pay attention to the values announced; if one of the values matches a value on one or more of the player's cards, the player must physically act by marking his or her card accordingly.
4. A player can fail to pay proper attention or to properly mark his or her card, and thereby miss an opportunity to be declared a winner.
5. A player must recognize that his or her card has a “bingo,” i.e., a predetermined pattern of matching values, and in turn announce to the other players and the announcer that this is the case before any other player does so.
6. The game of bingo contemplates a group activity in which multiple players compete against each other to be the first to properly mark a card with the predetermined winning pattern and announce that fact.

See Cornerstone.

In order to more than comply with these requirements, an Electronic Marking Machine must incorporate each of these requirements as follows:

1. The Electronic Marking Machine must facilitate communication between players and between players and the house; and
2. The Electronic Marking Machine must allow each player to use one or more card(s) with spaces arranged in five (5) columns and five (5) rows, with an alphanumeric or similar designation assigned to each space; and
3. Every card available for play on an Electronic Marking Machine must include alphanumeric or similar designations that are randomly drawn and announced one by one; and
4. The Electronic Marking Machine allows players to select the card(s) they will play; and
5. The Electronic Marking Machine reads all the cards at the beginning of the game and remembers them until power is switched off; and
6. The Electronic Marking Machine utilizes the console speakers to audibly announce each ball drawn; and
7. The Electronic Marking Machine must facilitate a player's ability to physically mark or daub their Bingo card as the numbers are selected and called; and
8. The Electronic Marking Machine provides a means for recording not only the numbers called out by the dealer but also any pattern that is pre-defined as constituting "BINGO" or equivalently a win; and
9. In order to play Bingo on an Electronic Marking Machine, each player must pay attention to the values announced; if one of the values matches a value on one or more of the player's cards, the player must physically act by marking or daubing his or her card accordingly; and
10. If a player fails to pay proper attention or to properly mark or daub his or her card, and thereby misses an opportunity to be declared a winner, the player forfeits any prize he or she would have won had the player claimed his or her winning "bingo;" and
11. A player must recognize that his or her card has a "bingo," i.e., a predetermined pattern of matching values, and, in turn, announce to the other players and the announcer that this is the case before the next ball is drawn and/or announced; and
12. The Electronic Marking Machine must allow the players to notify other players and the house when a "BINGO" has been achieved, thereby entitling the winning player(s) to claim a prize and, if the pattern achieved is a game ending pattern, terminating the game; and
13. The game of Bingo is a group activity in which multiple players compete against each other to be the first to properly mark a card with the predetermined winning pattern and announce that fact; and
14. The Electronic Marking Machine requires player interaction and participation, and a player's inattention can result in them "sleeping" a bingo or even losing the game.

An Electronic Marking Machine does not change or deviate any aspect of the game commonly known as Bingo but, instead, provides an electronic means of physically marking or daubing and interacting with the other players and the house, and calling, "BINGO."

Integrated System. An Integrated System is that software that, while not mandated by these Rules, is approved by the Sheriff and that, if implemented by a Licensee, allows the Bookend Bingo software to integrate across multiple vendor platforms to track a player's activities so that that player can seamlessly move from one Electronic Marking Machine to another to play the Entertainment Phase games from different vendors while ensuring that every player, no matter how many Entertainment Phase games the player may play, on how many different machines, from how many different vendors, play a Beginning Phase Bookend Bingo game to commence their Bookend Bingo Session and play a Concluding Phase Bookend Bingo game to win and claim their prize(s). An Integrated System can include back-office accounting systems and server-based Entertainment Phase gaming systems with integrated entertaining displays. Any Licensee that chooses not to implement an Integrated System must ensure that players play each Bookend Bingo Session on a single Electronic Marking Machine.

License Holder. Any Nonprofit Organization or Vendor that has been issued a License by the Sheriff pursuant to these Rules.

Location. A building, hall, enclosure, room or other indoor area that has been inspected and approved by the Sheriff for the conduct of Bingo games that also complies with all Federal, State and local laws and applicable building and fire codes, as well as any other further regulations as prescribed by the Sheriff.

The License renewal fee shall be five thousand dollars (\$5,000.00) for a one (1) year License renewal.

Licensees may advertise the play of Bingo by and through any and all forms of media. However, no advertisement of any kind, regardless of media or platform used, shall contain casino-style imagery such as dice, and/or playing cards (not to include Bingo cards) and/or poker chips and/or roulette wheels and/or words and/or other images that depict and/or imply and/or suggest the play of any game other than Bingo. The Sheriff shall be the final arbiter regarding compliance of any advertisement with the spirit of this Rule and his decision shall be final.

Each advertisement shall indicate in the advertisement the purposes for which the net proceeds will be used by the licensee.

No other individual and/or entity other than a licensee is permitted to advertise the play of Bingo.

No licensee shall advertise and/or promote in any manner the play of any game other than Bingo.

No Licensee shall advertise and/or suggest and/or imply in any form or fashion the possibility of a player(s) being awarded any prize and/or jackpot and/or community prize and/or award of any kind (whether in cash, equivalent prizes, and/or a combination of both) in excess of ten thousand dollars (\$10,000.00) per session. For purposes of these Rules, an award in excess of ten thousand

dollars (\$10,000.00) shall be an award of any prize(s) and/or jackpot(s) and/or community prize(s) and/or award(s) of any kind (whether in cash, equivalent prizes, and/or a combination of both) which is awarded at one time no matter how many players shall divide the award/prize/jackpot/community prize. The Sheriff shall be the final arbiter regarding compliance with this rule and his decision regarding compliance shall be final.

The Sheriff shall be the final arbiter regarding any License Holder's compliance with these rules regarding advertising, and his decision shall be final. The Sheriff shall issue written notification to any License Holder regarding the Sheriff's decision regarding violation of this section. The License Holder shall have forty-eight (48) hours to rectify the violation. For every day beyond the forty-eight (48) rectification period which the License Holder continues to violate this Section said License Holder will pay one thousand dollars (\$1,000.00) per day to the Greene County Sheriff's Department, and the bingo establishment may be closed by the Sheriff's Department until such time as the violation is rectified. This rule applies to billboards as well as any other form of advertisement/promotion and License Holders are urged to have the Sheriff's Department review any proposed billboards prior to posting. The Sheriff's Department may order closed any Bingo establishment until the amount(s) owed pursuant to this rule are paid in full.

If any License Holder and/or individual/entity chooses to appeal/challenge/overturn/change and/or alter in any way, form or fashion any decision of the Sheriff concerning (i) an alleged violation of this Section and/or (ii) amount(s) owed for failure to rectify an alleged violation in a timely manner and/or (iii) any order that a Bingo establishment be closed, the License Holder shall suspend and/or halt the play of Bingo until such time as the Sheriff's decision is either affirmed or overturned/changed/alterd. License Holders shall continue to be liable for one thousand dollars (\$1,000.00) per day during the pendency of any appeal and/or challenge (of whatever kind, form and/or fashion).

Section 13. Non-Exclusivity.

Any and all Bingo Equipment which is placed in a Bingo Facility must be made available to all Bingo Facilities that desire to buy and/or lease and/or rent and/or license said Bingo Equipment on the same general terms and for the same generation and/or version and/or iteration. If any Vendor limits (in any manner) the use of its Bingo Equipment to the exclusion of any other Bingo Facility that requests to obtain Bingo Equipment it has placed at another Bingo Facility, the Vendor will not be allowed to continue having its Bingo Equipment in use at any Bingo Facility until such time as the Bingo Equipment is made available for use by every Bingo Facility requesting access to the Vendor's Bingo Equipment.

Exception: A Vendor shall not be required to supply Bingo Equipment and/or otherwise do business with any person/entity who/which owes money to the Vendor from a previous use and/or purchase of Bingo Equipment. Proof of such alleged debt will be required in the form of written and/or electronic request(s) for payment made at the time that the alleged debt accrued. Further, no Vendor will be required to do business with any person/entity who/which is in breach of contract with the Vendor. If a controversy exists as to whether a person/entity is in breach of contract, the Sheriff will render a final determination regarding the applicability of this Section.

By placing Bingo Equipment in a Bingo Facility, a Vendor agrees to submit itself to the terms of Section 13 of these Rules for the resolution of any and all controversy(ies) related to and/or arising in any manner out of the play of Bingo and/or any decision and/or action of the Sheriff. If any Vendor does not wish to be bound by this Section and/or Section 13 of these Rules, it should immediately remove all of its Bingo Equipment from Greene County, Alabama. Continued deployment of a Vendor's Bingo Equipment in a Location in Greene County will be prima facie evidence of the Vendor's consent to these Rules.

Section 14. Penalties for Violations of these Rules.

Violations of the Amendment and/or these Rules shall be:

- (1) A class A misdemeanor; and
- (2) When deemed appropriate by the Sheriff of Greene County, a basis for revocation and/or non-renewal of any such License issued by the Sheriff.

Section 15. Exclusive Dispute Resolution.

Any dispute that arises in any matter whatsoever related to or arising from the application for a license and/or award and/or denial of an application and/or the renewal and/or the nonrenewal and/or the revocation of a License to operate Bingo pursuant to the Amendment and/or these Rules, the possession of a License to operate Bingo pursuant to the Amendment and/or these Rules, or the operation and/or attempted operation of Bingo pursuant to a validly issued License pursuant to the Amendment and these Rules shall be resolved by Appeal. This Appeal shall be the exclusive remedy available to nonprofit organizations applying for and/or holding a License to operate Bingo pursuant to the Amendment and these Rules regarding any issue relating to the operation and/or playing of Bingo pursuant to the Amendment and these Rules including, but not limited to, the operation of Bingo and/or a decision granting or denying a new or renewal License and/or the approval or denial of a proposed Location for the operation of Bingo and/or the decision to revoke, suspend, or cancel a previously issued License and/or any other administrative decision relating to the licensing and/or operating and/or playing of bingo in Greene County. This Section applies to all disputes whether the dispute involves and/or requests money damages and/or requests equitable relief. This Section applies to, but is not limited to, any act/omission alleged in a civil suit and/or civil dispute of any kind to constitute a criminal act and/or deprivation of any civil right.

A dispute covered by this Section shall be submitted in writing as an Appeal within sixty (60) days of the dispute arising. The Appeal should describe the dispute in particularity, set forth the basis for the Appeal and the resolution being requested, and provide all relevant facts and/or authority supporting the appellant's position. A final decision may be rendered by the Sheriff with or without a hearing.

The application for a License, acceptance of a License, or the continued operation pursuant to an existing License after the effective date of these Rules shall be deemed to constitute an agreement by the applicant or License Holder to subject itself to this exclusive dispute resolution process. If

any current License Holder is unwilling to submit to this Section, it should immediately cease operation of its Bingo operations pursuant to that License and surrender the License to the Office of the Sheriff. Any Vendor or License Holder that continues to operate and/or conduct business regarding and/or related in any manner to and/or arising out of and/or associated in any manner with Bingo in Greene County, Alabama, on and/or after the date of the issuance of these Rules shall be deemed to have consented to being bound by these Rules in general and this Section in particular by and through their continued operation of Bingo activities in Greene County, Alabama. Any applicant, Vendor, and/or License Holder that does not consent to be bound by these Rules in general and this Section in particular should immediately cease its Bingo operations in Greene County, Alabama. If a License Holder does not consent to be bound by these Rules in general and this Section in particular, it should also immediately surrender its License to the Sheriff.

The Appeal provided for in these Rules in general and this Section in particular is intended to be an administrative remedy. Should a court, however, determine that this process is in any way deficient or defective, the Appeal shall, at the least, be deemed to be a condition-precedent to the filing and/or initiation of any dispute resolution process with any judicial or quasi-judicial entity. In the event of such a ruling or finding, nothing in these Rules and/or this Section should be construed as a waiver and/or abandonment of the arbitration requirement(s) and procedures as expressed in the previous iteration(s) and amendments to the Greene County Bingo Rules and Regulations concerning the duty to arbitrate disputes as they were most recently constituted prior to the date of these Rules. Specifically, any and/or all controversy(s) and/or claim(s) and/or dispute(s) arising out of and/or in any way related to (i) these Rules and/or (ii) the Sheriff's decisions and/or duties and/or responsibilities and/or authority granted to, conferred upon, and/or required of the Sheriff by these Rules and/or the Amendment, and/or (iii) the scope of any such duties and/or responsibilities and/or authority, and/or (iv) any and/or all decisions made and/or rendered and/or adopted by the Sheriff concerning and/or related to the Amendment, these Rules and/or the duties and/or responsibilities and/or authority granted to, conferred upon, and/or required of the Sheriff by the Amendment and these Rules shall be handled and/or litigated and/or decided through binding arbitration administered by the American Arbitration Association pursuant to the rules promulgated by the American Arbitration Association. Alabama law shall apply. The place of arbitration shall be Birmingham, Alabama. The issue of arbitrability shall be controlled by these Rules when being decided by the arbitrator(s).

Nothing in this Section should be construed as a waiver and/or abandonment of the fact that the Constitution vests the Sheriff with full complete, and final authority regarding the licensing and regulation of all matters related to Bingo pursuant to the Amendment and these Rules.

All disputes, however brought and/or resolved, shall acknowledge, respect, and recognize that the Constitution vests the Sheriff with complete and final authority regarding licensing and regulation of all matters related to Bingo authorized by the Amendment.

Any and all Vendor(s), applicant(s) for a license, and License Holder(s) who file suit naming the Sheriff as a defendant and/or that are engaged in the arbitration of a dispute as contemplated hereunder agree that it has no right to continue to do business in Greene County during the pendency of any suit or arbitration it may institute. Every Vendor, applicant for a license, and License Holder agrees and/or promises and/or pledges to discontinue and/or cease all such business

and/or Bingo activity until such time as the suit and/or arbitration is pending including, but not limited to, the exhausting of any right of appeal which may apply to any party.

The terms and conditions of this Section are intended to be severable, and if any particular provision and/or term of this Section is held to be inoperable and/or void and/or without effect, it is the intent of this Section that all other provisions and/or terms of this Section remain in full force and effect and be construed in the manner that gives effect to the greatest extent possible to preserve the remaining provisions of these Rules.

Should litigation over a matter covered by this Section be commenced in any state or federal court, the Sheriff shall have the right to intervene into that litigation to request that the court dismiss that action and direct that the lawsuit be resolved in compliance with this Section.

The failure to follow adhere to the provisions of this Section shall be a basis for the immediate revocation of a License Holder's License or the denial of an applicant's application.

Submitting an application for a new and/or renewal License shall be prima facie evidence of an applicant's consent to the process set forth in this Section and is an express acknowledgement by the applicant that this Section confers adequate due process to it.

WHEREAS, these Rules are intended by the Sheriff to replace, in their entirety, any and all previous rules and regulations and amendments thereto for the operation of charitable Bingo in Greene County, Alabama, pursuant to Amendment 743. These Rules shall be effective immediately on their signing on this the 10th day of October, 2023 and shall continue in full force and effect continuously hereafter until such time as the Sheriff may, in the future, amend and/or revise them.

Sheriff Jonathan "Joe" Benison
